# Postponed: 3/5 Community Sounding Board Meeting

Safety is PSE's top priority – both the safety of our employees and the communities we serve. Given the fluid situation with the coronavirus, and out of an abundance of caution, we're postponing the Community Sounding Board's March 5 meeting to a later date.

We're committed to hosting this meeting and will provide an update once a new meeting date has been determined. The Community Sounding Board is one component of our community engagement process for the new "missing link" transmission line.
